Deborah Reed-Danahay (University of Texas at Arlington, U.S.)

Hartmut Rosa (University of Augsburg, Germany)

Steven Seidman (State University of New York at Albany, U.S.)

Edward Soja (University of California at Los Angeles, U.S.;

London School of Economics, England)

Judith Stacey (New York University, U.S.)

Goran Therborn (University of Uppsala, Sweden)

John Urry (University of Lancaster, England)

Henri Vaugrand (Paris, France)

\* We invite contributions on these and related issues. Some papers will stick close to the ground of daily life and politics; others will ascend the heights of theory in order to get the big picture. The work we publish is both disciplinary and interdisciplinary, bridging the social sciences and humanities. Culture and capital are keywords. We are also interested in cities, the built environment and nature, and we encourage people who theorize space to submit their work.
